**Subject:** Re: ATSDR Activities at Hydrofracturing sites

thanks Steve. Very helpful. One question for you to follow up on. Your write up indicates that the Dimock ATSDR report is in draft. Can you please double check that. The reason I ask is that it was part of Administrative record for the recent Action memo for a removal action (ie. provision of alternate water and sampling of wells).

Subject: ATSDR Activities at Hydrofracturing sites

Here is a brief summary of ATSDR activities at fracking sites:
